Reflection

The gospel today tells a story of many changes. Jesus leaves his hometown behind to settle in a new village, Capernaum. He then calls disciples to leave their livelihoods and follow in his footsteps. Fishing was a major food industry in first century Palestine. A person who owned a boat and fishing nets had a secure and profitable occupation. These first disciples were not simple peasants and yet they left their past behind to follow while not really understand their destination. This is faith!
